## Forward Looking Statement

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding our future plans and areas of focus, our positioning for future success following the spin-off, our future business plans, and our expectations for technology collaboration. These forward-looking statements are based on our current assumptions, expectations and beliefs and involve substantial risks and uncertainties that may cause results, performance or achievement to materially differ from those expressed or implied by these forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to: challenges managing our joint ventures and partnerships, including our ability to successfully manage key supplier and customer relationships, as well as the supply and technology collaboration relationship with SunPower Corporation; competition in the solar and general energy industry and downward pressure on selling prices and wholesale energy pricing; and the success of our ongoing research and development efforts and our ability to commercialize new products and services, including products and services developed through strategic partnerships. A detailed discussion of these factors and other risks that affect our business is included in filings we make with the Securities and Exchange Commission (SEC) from time to time, including our most recent report on Form 20-F, as amended, particularly under the heading "Risk Factors." Copies of these filings are available online from the SEC or on the SEC Filings section of our Investor Relations website at [www.maxeon.com/investor-relations](http://www.maxeon.com/investor-relations). All forward-looking statements in this press release are based on information currently available to us, and we assume no obligation to update these forward-looking statements in light of new information or future events.
